PROGRAMME OUTLINE

MODULE 1: Introduction

MODULE 2: Understanding Human Brain

MODULE 3 : Thinking Styles MODULE 4 : Creative Thinking

MODULE 5 : Creative thinking Tool - SCAMPER

MODULE 6 : Critical Thinking MODULE 7 : Critical Data Analysis

MODULE 8 : Critical Thinking Tool – Socratic Questioning

MODULE 9 : Critical & Creative Thinking Tool - Six Thinking Hats

MODULE 10: Other Thinking & Problem Solving Tools

MODULE 11 : Action Plan

TARGET PARTICIPANTS Anyone whose job involves Critical and Creative Thinking, ideas generation,

analysis, ideas execution and wider thinking skills Anyone wanted to sharpen Critical Thinking Skills, and improve Creative Thinking Skills

Creative Thinking, the ability to generate new ideas is crucial to excellence, but it is

only half of the story. Critical Thinking, on the other hand is crucial for evaluating

those ideas, to select the best ones and perform modification action(s), if

necessary. Integration of Creative & Critical Thinking leads to better decision

This workshop provides a practical understanding on Critical & Creative Thinking

among participants. It also provides an essential toolkit for anyone looking for fresh

insights and approaches for tackling challenges and problems, and ways of

making, and ultimately high quality Innovation.

practising it successfully outside the training room.

dustush MAN JOHA 1500 mo. 1

Anyone wish to enhance ideas generation, analysis, ideas execution and wider

thinking skills
